Renata Hesse
Trial Attorney
Antitrust Division
Department of Justice
601 D Street NW, Suite 1200
Washington, DC 20530

The Department of Justice has worked hard to find the compromise between the Microsoft Company and their competitors. I have followed this issue with interest because I believe that business should be allowed to find its own market. With this compromise now done, I hope the Department can approve the settlement and allow business to move forward.

Sincerely,

Audry Wood
